The most successful group fitness program in history, Les Mills **BODYPUMP®** is a 45-60 minute class using barbells and adjustable weights to tone and condition muscles while raising metabolic rate for rapid fat-burning. After an initial warm-up, all the major muscle groups are worked via a series of weight-bearing exercises including squats, presses and lifts. The class finishes with a cool-down and stretch. Les Mills **BODYPUMP®** is proven to be "the world's fastest way to get in shape" by research which has confirmed higher than expected fat-burning effects alongside endurance, strength and "wellness" benefits.

Explosively popular in clubs around the world, **BODYCOMBAT®** combines moves and stances from a range of self-defence disciplines like karate, boxing and taekwondo into an hour-long energetic routine. Music and pre-choreography create a fierce, energetic experience which raises fitness levels throughout the whole body, while reducing fat and cholesterol.

BODYBALANCE® is a revolution in mind-body training. A dynamic, fitness-to-music program that leaves you feeling relaxed and renewed, **BODYBALANCE®** combines the best of eastern disciplines, like yoga and tai chi, with popular new methods such as Pilates. Controlled breathing, concentration and a carefully structured series of stretches, moves and poses create a holistic workout that brings the body into a state of harmony and balance.

RPM™ is an indoor cycling program designed to develop cardiovascular capacity. Burning up to 800 calories in one 45-minute session, **RPM™** is a favourite of those wanting to reduce body fat. Known to devotees and Les Mills choreographers as "the rock concert on wheels", **RPM™** incorporates the best of biking choreography and great music. It provides a fast improvement in general endurance and an increase in lower body strength.

BODYATTACK™ is the sports-inspired cardio workout for building strength and stamina. This high-energy interval training class combines athletic aerobic movements with strength and stabilization exercises. Dynamic instructors and powerful music motivate everyone towards their fitness goals - from the weekend athlete to the hard-core competitor! Like all the LES MILLS™ programs, a new **BODYATTACK™** class is released every three months with new music and choreography

30 minutes of **Les Mills CXWORX** is all you'll need to give your core a challenging workout that features a mix of isolation exercises (like crunches or leg extensions) that target specific muscles & integrated moves that use two or more muscle groups together. Based on cutting edge scientific research, **CXWORX**, is the ultimate way to get a tight & toned core. With dynamic training that hones in on your abs, glutes, back, obliques & "slings" connecting the upper & lower body, this workout will leave you looking a feeling strong.

LES MILLS **GRIT™** Strength is a 30-minute high-intensity interval training (HIIT) workout, designed to improve strength and build lean muscle. This workout uses barbell, weight plate and body weight exercises to blast all major muscle groups. LES MILLS **GRIT** Strength takes cutting edge HIIT and combines it with powerful music and inspirational coaches who will be down on the floor with you, motivating you to go harder to get fit, fast. **GRIT** is run in 6 week blocks, 2 times a week. Join the next 6 week block now!! Cost is \$120.00 for 6 weeks. **Enquire at reception for the next series release!**

MetaPWR (MetaPower) is a thirty minute circuit class that combines resistance and bodyweight exercises to target and develop strength, power, agility, and cardiovascular efficiency. MetaPWR develops strength and power not from 'traditional' gym strength training, but by carefully selecting equipment that will offer both resistance and explosive/ballistic exercises. Combining this with plyometric and non-plyometric bodyweight exercises promotes muscle adaption and growth, heightens your metabolic rate, and helps burn body fat. The use of weighted equipment also helps with bone density.

Dedicating an hour or two of your day to exercise isn't always an option. Sometimes things are just too busy, the day is just too short and your motivation too lacking. If this is the case, you don't need to abandon exercise all together – 30 minutes is all you need. We offer a number of 30 minute express workouts in a number of programs for you. A 30min workout is also a great way if you are a beginner to try a class!

Live Stronger Live Longer is a senior's orientated strength training program. Strength training will help you if relate to any of the following:

- difficulty walking long distances or climbing stairs
- getting tired quickly & lack in energy
- suffer from arthritis, diabetes, or osteoporosis
- have difficulty lifting things during your daily tasks
- you prone to falling

If you answered yes to any of the above strength training can help you!!

HEARTMOVES is a great way of getting started back into exercise again, or starting for the first time and the trained leaders will show you how to complete easy and enjoyable exercises which don't strain your body. All sessions are supervised by the trained leaders, and are lots of fun. **HEARTMOVES** programs are ideal for people who are managing lifelong health conditions such as heart problems and diabetes, arthritis, lung and chest conditions, as well as those with risk factors such as high blood pressure, high cholesterol, overweight, depression, etc. Programs are specifically designed to be safe for people with these types of health conditions and the trained and accredited leaders operate within a set of safety guidelines.

Zumba Gold is perfect for active older adults who are looking for a modified Zumba class that recreated the original dance moves you love at a lower intensity. The design of the class introduces easy-to-follow Zumba choreography that focuses on balance, range of motion and coordination
